

## FY 22-23 BUDGET AS OF 2-2-22

- In 2021, the Legislature permanently reduced the monies going into the Sadowski Affordable Housing Trust Funds by 50%.
- This came with the commitment in statute that after July 1, 2021, all the remaining distributions thereafter to the trust funds would not be swept. The trust would be secure and utilized to fully fund the Sadowski Housing Programs (typically known as SHIP and SAIL).
- The commitment was clear and understood by all parties. For Fiscal Year 21-22, the legislature kept the commitment and utilized all the monies in the housing trust funds for housing programs.
- The House budget for FY 22-23 proposes only \$268.1 million for housing programs, which is substantially short of full appropriation.
- “Full funding” varies based upon revenue estimates; however, it is at least the \$337.725 million in the Senate budget, and possibly as high as \$383 million.
- Florida’s housing crisis is real. It is hurting Florida’s economy, our workforce, and our most vulnerable citizens. We urge the House to fully appropriate all the Sadowski state and local housing trust funds for the Sadowski housing programs.
