Managing a Successful Purchase Assistance Program

PRESENTED BY

CARTER BURTON **TAMARA WEST**

This training introduces best practices for helping home buyers. Most SHIP funds must be expended for homeownership activities, and homebuyer assistance is one of the most common strategies employed by local governments to meet the homeownership set aside requirement. This training is for SHIP local government housing staff and their community partners interested in developing, implementing, and managing a successful purchase assistance strategy.

Accessing Infrastructure Funds for Housing

PRESENTED BY

ELISSA PLANCHER

DAYNA LAZARUS

This webinar will help local governments optimize how they use valuable subsidy to maximize the production of much-needed affordable units and foster diverse, quality communities. We will highlight funding sources and strategies to support not only common utility infrastructure like water, sewer and transportation, but also encourage proximity to key community elements like jobs and parks. This webinar aims to bridge and leverage the link between housing, transportation, and land use to result in healthy and equitable neighborhoods.

Increasing Minority Homeownership

PRESENTED BY

ASHON NESBITT **CARTER BURTON**

Presenters will discuss federal, state and local fair housing law enforcement and compliance, improving outreach of purchase assistance programs to reach minority populations and those least likely to apply. How a Limited English Proficiency Plan can increase participation, and the role of counseling as a tool to provide increased outreach and minority homeownership. Local government will learn how to use data to determine community needs. Presenters will include those from Florida communities that have a process in place that focuses on increasing minority homeownership.
