Upcoming FHC Idalia Training

Hurricane Idalia HOUSING RECOVERY

JANUARY 17, 2024 | 10 AM

This webinar will offer support to the Hurricane Idalia-impacted cities and counties receiving HHRP assistance. The presenters will help participants consider the types of housing assistance to offer. Learn the first steps of preparation, including considering maximum award amounts. Also learn about effective methods of outreach. The presenters will explain how you can benefit from data available from FEMA and long-term recovery organizations.

Idalia Housing Impacts

Recovery Concerns

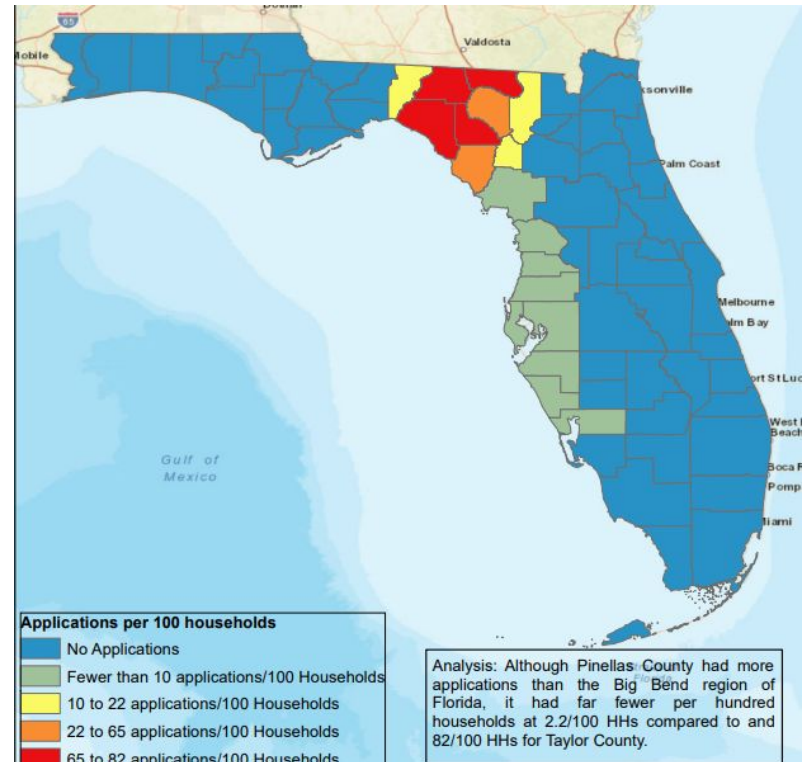

- **Denial rates in some counties are substantially higher**
 - Eligibility, denials and assistance will be influx for some months, because of the review processes, inspections and insurance payouts (which tend to drag out).
 - Jefferson County – heir title issues
 - Need coordinated efforts targeted Legal Services and Outreach
- **Single family and mobile home *rental properties need support.***
 - Property owners – must draw on other sources (insurance, savings or apply to the Small Business Administration, HUD CDBG-DR, or State Housing funding.
 - Need efforts to support repairs of newer rental units and replace the older units or existing housing shortage becomes even more acute.

Idalia Housing Impacts

Understanding total numbers vs proportional impacts:

- Big Bend area – major percent of households were impacted
- Taylor County: 6,000 applications - 7,200 households

FEMA: Achieving Equitable Recovery

FEMA released a new guide in Nov 2023 Post-Disaster Guide for Local Officials and Leaders

- Advice, checklists, toolkits, case studies, and community examples on how to incorporate equity through the recovery management process
- Tools to address systematic recovery barriers ensuring that all community members can meaningfully participate in, and benefit from, recovery planning processes, projects, and decision-making

FEMA: Achieving Equitable Recovery

- Checklist for monitoring equitable recovery progress
- Building resilient infrastructure and communities resources

-

Goal 1: Build Equity into the Recovery Organizational and Coordination Structure

Goal 2: Identify Unequal Patterns of Disaster Exposure and Impact

Goal 3: Develop a Participatory Planning Process

Goal 4: Promote and Protect Equity throughout Recovery

Goal 5: Adapt to the Dynamic Nature of Recovery

Goal 6: Monitor Progress

Goal 7: Build Adaptive Capacity

Goal 8: Overcome Barriers and Ensure Fair Recovery Outcomes

**Sheltering in Home for Recovery Continuation
(SHRC)**

Update on the State's Limited Home Repair Program

Sheltering at Home for Recovery Continuation (SHRC)

- Administered in partnership between FDEM and Volunteer Florida
- Helps eligible homeowners with **limited repairs** so they can remain in their homes while completing their recovery from Hurricane Ian
- Repairs provided at **no cost** to the applicant
- Not designed to replace homeowners or flood insurance
- Repairs performed by voluntary organizations (VOADs) who elect to donate labor hours and coordinate contractor labor
- Materials procured from participating retail partners

Sheltering at Home for Recovery Continuation (SHRC)

- Repairs may include
 - Debris removal and mold remediation
 - Kitchen and bath fixtures
 - Heating and cooling
 - Plumbing and electrical
 - Windows and doors
 - Plug-in appliances
 - Access and functional needs (temporary ramps, etc.)
 - Roofing

Sheltering at Home for Recovery Continuation (SHRC)

- 10 VOADs onboarded
 - All Hands and Hearts
 - Compass 82
 - Endeavors
 - Inspiritus
 - Lake Support & Emergency Recovery (LASER)
 - Reach Global
 - Rebuilding Together Tampa Bay
 - SBP
 - Send Me Missions
 - United Methodist Committee on Relief (UMCOR)

Sheltering at Home for Recovery Continuation (SHRC)

- 5,278 applications
- 1,024 work orders issued to VOADs
- 579 repairs started
- 511 repairs completed
 - Over \$10 million in market value
- 23 counties served

Sheltering at Home for Recovery Continuation (SHRC) - Successes

- Specified a scope of repairs that allowed us to restore most homes to habitability with standard grad finished while avoiding costly, permitting and repair delays
- Conducted eligibility and inspections/scoping concurrently, in order to expedite assistance to survivors
- Performed Substantial Damage Estimates on each home to ensure compliance with FEMA regulations
- Actively sought VOAD partners, including through FL VOAD, and trained them extensively in SHRC

Sheltering at Home for Recovery Continuation (SHRC) - Successes

- Partnered with LTRGs, DCMPs, and VOADs to receive referrals for SHRC repair services
- Conducted in-person outreach across the state, including at many retail stores, community events, and MHU parks
- Assisted VOADs in identifying qualified subcontractors to perform repairs and empowered them to obtain competitive prices
- Accessed deep discounts and other savings through our partnership with Home Depot

Sheltering at Home for Recovery Continuation (SHRC) - Challenges

- Pre-1976 manufactured home (MHU) repairs
- Owned MHUs on rented land
- Scope of work limited to non-substantially damaged homes, with extensive repairs and rebuilds better suited for programs like CDBG-DR or mitigation projects
- Local permitting requirements

Sheltering at Home for Recovery Continuation (SHRC)
